

# Inverurie Market Place Primary School

## Model of Support

*Inverurie Market Place School is a school where everyone works together as a community to create an ethos where all the children are nurtured, respected, included, inspired and motivated in reaching their full potential, not only academically, but as confident individuals ready to actively grasp and follow their dreams in the future. We are committed to 'Getting it Right for Every Child'.*

*Through working in partnership we have created a 'Model of Support' to highlight, promote and share expectations of all the methods of support we use in school to ensure children are fully supported and parents are fully informed and involved in their child's learning.*
